Circular Letter 77/2019: Guidelines on the Reporting of Cash Transaction

Dear Sir/Madam,

This is to inform all banks and other non-bank financial institutions that the Central Bank has finalized the development of an online reporting platform to report cash transactions.

As you are aware the System is referred to as the e-RON Online Reporting Platform (or "Sistema Eletróniku ba Relatóriu Operasaun Numeráriu).

The e-RON Online Reporting Platform has been developed to facilitate Reporting Entities to submit Cash Transaction Reports in an efficient and effective manner.

Reporting Entities that are required to submit Cash Transaction Reports, pursuant to the relevant BCTL regulations, using the e-RON Online Reporting Platform shall be as follows:

- (a). Commercial banks;
- (b). Other Deposit-Taking Institutions;
- (C). Money Transfer Operators;
- (d). Currency Exchange Bureaux; and
- (e). E-Wallet Service Provider.

In order to facilitate the Reporting Entities to familiarize their staff with the system, the Central Bank has developed a User Guidelines for Accessing e-RON Online Reporting Platform which is annex for your use.

The User Guidelines provide Reporting Entities' users with detail step-by-step description on how to use the Platform. Although every effort has been made to simplify the reporting platform, but the Central Bank is conscious that certain users may still find it difficult to use this Online Reporting Platform.

It is therefore important that all reporting entities must ensure their staff and officials responsible for making cash transaction are properly trained using the Guidelines provided in this Circular.

It is a requirement that all cash transactions which meet the conditions established in the relevant regulations shall be reported to the Financial Information Unit using the e-RON Online Reporting Platform.
